HYPALON™ SOFT POUCH FOR TRANSPORT & STORAGE

Developed in conjunction with Grey Ghost Gear LLC, the SB-SAC soft pouch is made of Hypalon, an innovative, synthetic rubber, which is used to make Zodiac inflatable boats. Sized to accept a C-A-T tourniquet and designed to work with most SB Tactical™ Pistol Stabilizing Braces, the SB-SAC is the ideal accessory for braced PDW pistols.

FEATURES

- Mount inside or outside the brace for transport and storage
- Stores items like C-A-T or smaller tourniquet, med supplies, cleaning kit, or emergency jerky
- (2) YKK zippers for rear or bottom access
- Water, chemical, UV, and corrosion resistant
- Compatible with 1" & 1.5" strap SB Tactical braces (excludes adjustable braces in collapsed position)
- Available in Black or FDE
- Manufactured in the USA
