

pistol

BUFFER TUBES

SB Tactical® pistol buffer tubes are made of 7075 T6 type III aluminum and designed to maximize performance by minimizing brace rotation and slippage.

stdt

PISTOL BUFFER TUBE

- Standard, functioning, AR pistol buffer tube

stdt-c

COLLARED PISTOL BUFFER TUBE

- Standard, functioning, AR pistol buffer tube
- Machined collar functions as a brace stop
- Collar adds 1.75" of standoff from the receiver

opnt

OPEN TUBE

- Non-functioning (open), short tube for blowback/piston builds
- Not compatible with AR platforms
